# Washable FINGER PAINTS

¼ cup cornstarch  
1½ cups water  
2 tsp. each color, washable paints\*

1. Stir together cornstarch and water in 2-cup/500 mL Micro Pitcher. Microwave on high power 1 minute, 30 seconds. Remove from microwave and stir until smooth.
2. Divide cornstarch evenly between four snack cups. Stir in 2 tsp. of desired washable paint color into each snack cup until well combined.

*\*A few drops of food coloring can be used in place of washable paints. Please note, however, doing so can stain fingers and fabric. Paints should be used immediately and discarded after use.*
