

Yields: about 1 cup of slime

PREP: 10 minutes

Super Shine SLIME

½ cup white school glue
1½ cup water
Few drops of food color (optional)
2 tsp. glitter (optional)
1 tsp. borax

1. Stir together ½ cup water and school glue in small bowl, until well combined. If desired, stir in optional food coloring and glitter.
2. Stir together remaining water and borax in second small bowl
3. Pour borax mixture into glue mixture and stir until well combined. Slime will immediately form. Knead with hands until fully mixed.
4. Store in a Tupperware® air-tight container up to 7 days.*

**Best for outdoor play. Do not place slime on furniture or other surfaces that stain easily.*
