

TUPPERCONNECT FUND RAISER

The TupperConnect option allows the group greater flexibility to earn funds by connecting potential out of town customers to the needs of the group. With TupperConnect, group members can collect orders in person and submit them with payment to the organizer as well as allowing members to email friends and family with the exclusive link so the organization reaps more profits.

It is easier if you set up the TupperConnect fund raiser for the group instead of having the organizer do it. Use your email address so the link comes to you.

1. Start new party ~ fund raiser. Fill in required info for group. Please remember that Tupperware uses this info to write the check for the profits due from all online orders placed. FILL IN YOUR EMAIL ADDRESS (not the organization's email address) here too.
2. Click the TupperConnect box
3. The box below will appear which contains the following information:

A screenshot of a web form for setting up a TupperConnect fund raiser. The form has a light gray background and a thin purple border. It contains several input fields and a large text area. At the bottom, there are 'Send' and 'Cancel' buttons.
