

**Four Steps To A \$1000 & 2 Party!**  
Party Day/Date: \_\_\_\_\_ Time: \_\_\_\_\_

**Thank you for dating your Tupperware Party with me. I want to do everything that I can to insure that you receive the maximum number of gifts possible!**

**Step 1: Over-invite 10 in attendance=gift!**

You'll never find a perfect time for everyone. Don't get discouraged when someone declines. Only 1/4 of those on your list will be able to attend. Use the "trifecta" approach—personal invitation, facebook event and TupperConnect.

**Step 2: Work on your outside orders! \$200=bonus gift!**

For anyone who can't attend be sure to give them the opportunity to place an order before the party. Make sure to register your party via the TupperConnect link your consultant creates. Then your friends can shop online. All outside orders count toward your sales credit. Last day for orders: \_\_\_\_\_

**Step 3: Remind everyone...**

Please don't rely solely on mail, email or facebook. 1-2 days before your party call the people you invited to remind them. They want to come, but we live in a busy world & a reminder is a great thing! !. Let them know you're looking forward to having them attend, and encourage them to BRING A FRIEND and AN ORDER! Remind them they will be rewarded!

**Step 4: Have a dating waiting and receive a bonus gift!**

Line up someone who will have a party of their own so that I can shower THEM with free product!
