Please find below, in alphabetical order by product, all currently effective product alerts. The list will be posted in all three languages Mondays and Thursdays, with highlights reflecting updates since the last posting. Be sure to always check the Knowledge Center for the latest version. Information subject to change.

SHIPPING STATUS: We remain committed to improving the shipping timeframes that we know, throughout 2021, made it more difficult than it should be to offer Tupperware® solutions to your Hosts and customers. We’re confident that, in the coming weeks, this timeframe will continue to improve. As a result of the additional distribution points, split shipments can occur and some items may arrive at different times. A few specific updates:

- We are currently shipping orders placed on and after February 19, with the exception of items that are on backorder. Backordered products will ship as inventory becomes available. For any order not processed prior February 19, please contact Customer Care for further assistance.
