

# Xploris™ Thermal Tumblers

Created in the spirit of finding your own path and discovering adventure in your every day. Double-wall insulation keeps hot or cold beverages at the perfect desired temperature until the last sip, regardless of whether your adventures take you around the block or around the world.

## Features and Benefits

- **Premium double wall stainless steel:** Excellent heat retention performance keeps drinks at the desired temperature for hours.
- **Cool to the touch:** Double wall makes for a cool and condensation-free handling experience.
- **Spill control lid\*:** The cover's venting hole safely releases steam but it's smartly designed for minimal spillage. A Silicone Gasket on the underside of the lid provides a smooth and tight closure.
- **Enhanced drinking experience:** Triangle-shaped spout gives a better liquid flow with a wider opening. The Eco+ Straw fits perfectly into its uniquely shaped spout for cold drinks.
- **Durable powder coating:** Designed to minimize scratches to maintain the look of the product for a longer time.
- **Available in two colors:** Riverside and Iceland Mist
- **Available in three different sizes:**
  - 8 fl oz/230 mL
  - 12 fl oz/350 mL
  - 16 fl oz/470 mL

## Xploris™ Thermal Retention Claims

- Stainless steel double wall provides excellent thermal retention of up to 4H hot and 16H cold!\*

\*Thermal retention varies depending on capacities:

- 8 fl oz./230 mL; up to 2H hot, 7H cold
- 12 fl oz./350 mL; up to 3H hot, 12H cold
- 16 fl oz./470 mL; up to 4H hot, 16H cold

## Use & Care

- \*The lid is not leak-proof so do not carry it in your bag. Check our other Thermal Flasks with leak-tight options for this usage.
- Xploris Tumblers can be used with both hot or cold drinks and even carbonated drinks, thanks to the venting hole on the lid.
- To open and fill the tumblers, gently lift on the thumb tab. To close, firmly press the cover into place.
- To drink, gently lift the plug and simply rotate 180°. Sip straight from the spout or insert the Eco+ straw.
- Store Xploris Thermal Tumblers uncovered when not in use to allow proper air circulation inside the product.
- Always wash and rinse your product before first use.
- Hand wash with mild detergent. This product is not dishwasher safe.
- Remove the silicone plug for a thorough cleaning, hold it where it's attached in the middle of the cover, and pull gently. Make sure to replace it right after cleaning by placing the plug over the hole at an angle, and pulling gently from the overside.

## Demonstration Ideas & Tips:

### • Different sizes for everyday adventures!

- 8 fl oz./ 230 mL Tumbler: Espresso, tea, soup, wine, and more.
- 12 fl oz./ 350 mL Tumbler: Larger coffee or tea, hot chocolate, cocktails, and more.
- 16 fl oz./ 470 mL Tumbler: Bubble tea, smoothies, juices, and more.

### • There is a growth in reusable tumblers!

- With an increase in urban population, **the use of travel mugs is encouraged**. Fast lifestyles have changed the food habits of people and they prefer to drink and eat while traveling.
- **Environment friendly**. People are becoming more aware of reducing waste and prefer reusable travel mugs.
- **Trendy accessories**. Reusable drinkware is making the shift from functional hydration tools to status symbols. Brands have versions that feel more like decorative objects than simply something that holds liquids.
- **67%** of consumers tried to leave a more **positive impact on the environment** through their everyday actions in 2021.

## Recipes

### • 5 Minute Soup

Serves: 4

- 4 cups stock of choice (chicken, beef, or veggie)
- 1 tbsp. soy sauce
- 2 cloves of garlic, grated
- 1 tbsp ginger, grated
- 2 green onions, sliced thin

1. Add stock, soy sauce, garlic, ginger, and half the green onions in a microwave-safe container, such as 1¾ qt./ 1.75 L Stack Cooker Casserole. Cover and microwave at full power for 5 minutes.
2. At the end of cooking time, stir well to combine and add the remaining green onions. Stir and pour 1 cup into **8 oz./230mL Xploris™ Thermal Tumbler**. Cover and when ready to enjoy, sip slowly.

### Homemade Cream Soda

Serves: 1

- ½-cup granulated sugar
- ½-cup water
- 1 tsp. vanilla extract
- 10 oz. unflavored sparkling water

1. Place sugar and water in a 2-cup Micro Pitcher. Cover with the 1-cup Micro Pitcher and microwave for 30 seconds at a time until the sugar has dissolved. Stir in vanilla extract and let cool.
2. To serve, add sparkling water to 12 oz./ 350 mL Xploris Thermal Tumbler, 1 oz. of vanilla simple syrup (store remaining for later use), and stir. Serve immediately.

Tip: Add 1 oz. spiced rum to turn this into a spiked adult beverage!
