Notes:

1. Each month is not dependent on qualifying the previous month. Each month stands alone; however, to earn the Bonus Award, both the recruiter and new recruit must achieve all three months.
2. A new recruit will be able to redeem one award per month when they submit \$250 or more.
3. There is no limit of awards that a recruiter can redeem per month. For example, if a recruiter has three new recruits in September, all three recruits submit \$250 each, and the recruiter submits \$250, the recruiter then earns and can redeem up to three awards.
3. Date of kit purchase determines the date they became a new recruit.
4. September Sales month runs August 31 - September 27, 2023, October Sales month runs September 28-October 25, 2023, November Sales month runs October 26 - November 29, 2023
5. Recruiters can track their new recruit's progress towards achieving their goal in the downline tracker report.
6. All awards are subject to substitution.
