

Tupperware® Brand

Prep, Store, and Save to **Eliminate Waste!**

APRIL 2025

Our durable, reusable essentials help you waste less, keep food fresher, and stay organized—without extra effort. Take a look inside to discover simple ways to make a big impact every day.

Less effort, no electricity, and more ways to turn what you already have into something delicious with the SuperSonic™ Chopper Tall.

Tupperware®

More Options, Less Waste

It's time to chop, mix, stir, and blend without the hassle... or the need for electricity. The SuperSonic™ Chopper Tall is designed for efficiency, helping you tackle meal prep in seconds.

Resilient pull cord

No electricity needed! Just one pull powers the blades for effortless chopping, mixing, and blending.

Paddle accessory

The paddle attachment makes blending and mixing smooth, even for batters, adding versatility to your prep.

Anti-skid bottom

The anti-skid bottom keeps the chopper stable on your countertop, ensuring safe and steady chopping every time.

Did you know?

Electric food processors typically consume between 300W and 400W of power. Using a 350W processor for just one hour a day can add up to over 10 kWh per month—adding to energy costs. The SuperSonic™ Chopper Tall requires no electricity, offering energy savings and the flexibility to prepare your meals anywhere, anytime.

Simplicity, sustainability, and durability should go hand in hand. The Ultimate Silicone Slim Bags are designed for so much more than food—they're perfect for travel essentials, swimsuits, makeup, snacks, and more. Whether you're prepping, packing, or organizing, these reusable bags help cut down on single-use waste while keeping everything fresh, neat, and ready to go.

Small Change, Big Impact

Lightweight, flexible, and built to replace single-use plastic, these bags fit effortlessly into your routine. Pack lunch for the day, freeze bulk ingredients for later, or neatly organize everything from travel essentials to pet treats.

Unique leak-proof closure

The interlocking “teeth” on our Ultimate Silicone Slim Bags align perfectly to create a leak-proof seal—firmly [and, yes, fiercely] protecting anything you place inside from spills, splats, and splooshes.

Built to last

Made to withstand up to 10,000 washes inside out without missing a beat, these bags are in it for the long haul.

Hands-free carrying

Clip any bag to your backpack with a carabiner to ensure important items are more easily accessible on every adventure.

ULTIMATE SILICONE SLIM BAGS[®]

Fresh ingredients shouldn't go to waste. FridgeSmart® containers help keep produce fresher, more flavorful, and ready when you need it!

Tupperware®

Keep Produce Fresher, Longer

Designed with expert-backed technology, FridgeSmart® containers help reduce food waste while keeping your ingredients fresher longer.

Optimized freshness

The Tupperware ACE™ System, combined with a 3-position slider, regulates airflow and humidity to keep your produce fresher, longer.

Ridged bottom

The innovative base design keeps moisture at bay, helping produce remain flavorful and fresh.

Freshness you can see

A built-in produce guide takes the guesswork out of storage, helping you waste less and save more.

Did you know?

Did you know? FridgeSmart® helps your produce stay fresher, longer. By maintaining ideal airflow and moisture levels, these containers help extend shelf life and reduce waste. Want to see the difference? Check out the examples below to see how long your produce can last with FridgeSmart®.
