**SERVING UP LEGENDARY  
LOOKS FOR DECADES**

**MAY-AUGUST 2026**

# The true original

For eight decades, the Tupperware® Brand has been sealing in freshness, fighting food waste, and serving looks one clever idea at a time—etching our name into history.

It started with a can of paint. Back in 1946, chemist Earl Tupper noticed that a paint can's seal worked like magic. So he crafted that same magic for the kitchen, and a category appeared—because his idea didn't just solve a problem, it forever changed the way people thought about food and freshness.

Leftovers became tomorrow's lunch. Meals stretched further. People wasted less. And a bowl became the talk of the town. Over time, the design became iconic, the colors unmistakable. And the name? It became the standard.

Because when something works beautifully, lasts for decades, and earns its place in everyday life, people remember it. They say the name. They pass it down. What began as innovation became culture—and that became legacy.

Since then, we've stayed at the forefront of innovation—pioneering microwave cooking solutions, growing vegetables in space with NASA, and advancing sustainability through thoughtfully designed materials. Today, Tupperware Brand products are trusted by millions and loved around the world.

And now, eighty years in, we're still thinking smarter, designing better, and finding new ways to make the everyday feel a little more magical. Because the goal was never just to make containers. It was to make things worth keeping.

Remember: Not every container with a lid is the real-deal Tupperware. Others imitate the look (hey, imitation is the best form of flattery!), but there's only one true original. So when you say our name... please name-drop responsibly.

## 80<sup>TH</sup> ANNIVERSARY SERVALIER® BOWLS SET OF 8

Our most iconic, time-tested collection includes a variety of sizes to serve in style—and then store any leftovers for later. Includes one container and lid of each of the following sizes: 3.5 cups / 860 mL, 5.25 cups / 1.3 L, 8 cups / 1.9 L, 11.75 cups / 2.8 L, and two of each 1.25 cups / 340 mL, 2.5 cup / 600mL

## This is what people mean when they ask for Tupperware

Introduced in 1972, Servalier® brought sculptural shapes, pops of color, and iconic sunburst lids into the kitchen. These bowls weren't designed to disappear. We designed them to live out in the open—working hard, looking good, and lasting long enough to be passed down for generations.

These beauties still have that amazing lid you love—you know the one, where you simply press the center and quick-as-a-wink the bowl is magically sealed. And today we're bringing it back in throwback colors to celebrate eighty years of sealing in freshness.

Made from borosilicate glass, the all-in-one **Tupperware Voila™ Glass Collection** moves seamlessly from your freezer or fridge to your oven or microwave and, finally, to your table. With its spill-proof lid, built-in steam vent, and dual fill lines, it's perfect for prepping meals, storing and heating, and everything in between.
