

What is Tupperware Live?

It's a party being held for you to generate sales! Someone else is doing the demo. Your job is to get guest there.

- You could use this as a personal party with you as the host
- You could use this as a mystery host, with a drawing among all that attend
- You could have a host that invites guests
- You could invite people from a facebook party to attend
- You could share the recording in a facebook party.

There are approximated 8 per month, so that means that you have 8 parties in your calendar each month. If you really work them, you could have eight \$500+ parties=\$4000 in sales, which is \$1400 profits! But even if they are only \$200 each, that's \$1600 in sales, and \$450 profits. It doesn't take a rocket scientist to know that this is just a smart way to grow sales, especially if you are busy, on vacation, having surgery, too shy to demo or any other reason where you can't do your own parties!

SUGGESTED WORD CHOICES TO INVITE GUESTS TO A TUPPERWARE LIVE

Hi ____

We have a really fun and easy way for you to get some great ideas and recipes...it's a Tupperware LIVE event. It's kind of like QVC...you'll see a demo of some great products and it only lasts about 30 minutes. You don't need to be on camera, and you don't need to download anything.

<insert date>

<insert time>

Let me know if you'd like to watch and I'll send you the info!

Or

Hi ____

Tupperware has a new party platform called Tupperware Live. It's a 30 minute demonstration that's streamed right on my website. I'd love to have you join me for the next one on <insert date> at <insert time> and then give me your thoughts about it. Would you be interested?

Do not include the link in the invite. It's important that you know who is interested so you can follow up. THE FORTUNE IS IN THE FOLLOW UP!

AFTER they say yes, send them your personal website link.

<https://my.tupperware.com/> your user name

For example, mine is <https://my.tupperware.com/tinaoscar>

Tell them to click on SHOP, then. Tupperware Live

OR

You could send them a direct link to your Tupperware Live page

I like to send it like this: [Tupperware.com/pages/live?twclid=US-your 11 digit ID](https://www.tupperware.com/pages/live?twclid=US-your 11 digit ID)

For example, mine is <https://www.tupperware.com/pages/live?twclid=US-00521888998>

Hi!

Here's the link for the Tupperware Live:

<insert link>

Thanks again for your support.

I also like to send a reminder text about 15 minutes prior because people frequently get busy and forget.

Just a reminder that the Tupperware Live is about to start! Here's the link:

<insert link>

I'm going to do a drawing among all my guests. After the show, come back and fill out this form to be in my drawing!

<insert drawing for link>

Thanks again for your support!

I use jotform, but you could also use surveymonkey

Or you could just have them let you know their favorite product that was demonstrated to be in the drawing
